Disclaimer: The lubricants and providers listed herein are presented solely for the purpose of documenting lubricants that were tested for compatibility with our products. This listing does not constitute an endorsement, recommendation, or preference for any of the mentioned lubricants, manufacturers, or providers. The inclusion of any lubricant in this list does not imply that it is superior to other available options, nor does it indicate that other lubricants or providers are unsuitable for use with our products. There may be additional lubricants, manufacturers, or providers — whether known or unknown to us — that are fully compatible or otherwise appropriate. It remains the sole responsibility of each customer to verify and comply with all applicable sanction laws and regulations prior to purchasing any of the mentioned lubricants.

### **3. Lubricant classes**

#### **Lubricant class 24A**

Transmission oil according to the specification / requirement:

- API GL-4 and/ or MIL-L-2105
- Viscosity grade: SAE 80
- Base oil API Group 1 / 2

#### **Note:**

All trade products which satisfy the above specifications may be used. There will be no product listing.

**Lubricant class 24B**

Engine oil according to the specification / requirement:

- API CD/CE/CF/CF-4/CG-4/CH-4/CI-4/CI-4 Plus  
and / or API SF/SG/SH/SJ/SL/SM  
and / or ACEA-categories A/B/E
- Viscosity grades: SAE 20W-20 / 30
- Base oil API Group 1 / 2

**Note:**

All trade products which satisfy the above specifications may be used. There will be no product listing.
